PROTECTING OUR PLANET EARTH

A NOTE FROM MARIELA

Hello!

We are so excited to welcome spring and have been planning a fun-filled month with some gardening and recycling activities for our families.

This month, we have also started a new semester of Adult Basic Education/ESL. Many of our participants improved scores since the beginning of the semester and moved up a level! Please see them highlighted in this newsletter.

CHILD DEVELOPMENT CLASSROOM

In this month's child development classroom, we will be learning so much about our planet earth. Our featured book for the month is Spot's Little Book of Fun In the Garden by Eric Hill and Global Babies by The Global Fund for Children.

We'll dive into creating our very own Planet Earth and use a mix of colors with blues, greens, and a sprinkle of color-mixing magic. Meanwhile, the CD Room's already digging into garden crafts, making paper carrots, and learning all about plants and seeds.

SERVICE COORDINATION

For April's theme, we will ask our participants' input on what we can do at the center to help our planet. Participants will be encouraged to share ideas on recycling and reusing items in their day to day life.

All families are welcome to join us during the Nurturing Parenting /Criar con Carino sessions. Please remember that your attendance and input are essential for the program, and your attendance will help you get a certificate of participation at the end of the sessions. Also, check the calendar for this month's updates and activities.

ADULT EDUCATION CLASSROOM

As we embrace diversity and share respect toward all our participants who represent different faiths and backgrounds, we are united in our love of life and the environment.

The celebration of Earth Day will be incorporated in our classroom through discussions on how mindful and grateful we are of all that Earth gives us daily. Students are encouraged to take some positive action to help our planet and people around them, such as plant trees, do some gardening, recycle, and nurture their environment with the power of love.

Using this opportunity, they will learn new vocabulary around this month's theme.
