ADDRESSING DIAPER NEED THROUGH COMMUNITY PARTNERSHIPS

FEATURING PGCRC

Our PGCRC Home Visiting staff star in a new video! National Home Visiting Resource Center and Urban Institute recently collaborated to create an informational video featuring the partnerships between diaper banks and home visiting programs. PGCRC staff agreed to support the project when approached by the director of the Greater DC Diaper Bank.

FAMILY SUPPORT PROGRAMS NEED YOU!

A Small Commitment with a Giant Contribution

2018 Advisory Board shares child abuse prevention message with PGCRC staff and participants.

Our home visiting and family support programs value and seek community perspective. We cannot do our work without the support of people in the community like you. How can you help?

1. Consider volunteering to be a member of one of our Community Advisory Boards if you have connections to family support programs for families expecting a baby, parenting children 0-5, living in poverty, learning English, etc. We meet 4 times a year and have been meeting virtually.
2. Invite or connect us with people and professionals that you think SHOULD be on our advisory boards.
3. Join our mailing lists to receive updates from our programs.
4. Share our newsletters with others so everyone can see the impact we have in our community.
